Nepali Pathshala's Newsletter

Hello to Dear Students, Parents and Volunteers
First of all we are very excited to announce that our Pathshala is running under new name "Nepali Pathshala of Virginia". We would like to thank all the parents, students and our well-wishers who have always stood by us. We highly value your support and appreciate your confidence in us.

This is our first quarterly newsletter Vol 1. Issue 1. We will use our newsletter to keep our parents, students and volunteers apprised of major assignments, class events and other school activities. We will have updates on ongoing projects, cultural celebrations and upcoming events.

We will have more fun, lots of educational knowledge and indoor/outdoor activities in the coming days. Our Principal will come up with more exciting announcement in upcoming days!

Our classes are fun & interactive and designed primarily with the major objective of familiarizing students with the Nepali language, culture and traditions. We will also hold major cultural celebrations in the school so that we can enjoy our cultural heritage as a family!

We appreciate feedback from our parents, students and our well-wishers on how to make this newsletter more fun and informative. We will incorporate your ideas and suggestions to make our Pathshala a better place to learn. We look forward to hearing from you soon!
